Tsamba Yokudzidzisa

Mwoyo Wakakwana Kuna Mwari (Chikamu 2)

Mwoyo Wakakwana Kuna Mwari
Na Derek Prince

Mutsamba yangu yapfuura takaona kuti kutya kwepanyama, kutya kwemadhimoni, kutya kwechitendero, uye kutya munhu marudzi mana ekutya kusiri kutya Jehovha. Tichaona zvino kuti kutya Jehovha chii. Inogona kutsanangurwa nenzira dzakawanda, uye tichatarisa dzimwe tsananguro dzakapihwa muMagwaro. Muchidimbu, kunyange zvakadaro, tinogona kutaura kuti kutya Jehovha ndiko kuita kuti Jehovha ave Mwari wako. Ipfungwa yekuremekedza, kuzvipira kwakakwana uye kuzviisa pasi paMwari.

MuMapisarema naZvirevo tinowana zvinhu zviviri zvekutya Jehovha. Pisarema 34:11 inoti:

> "Uyai imi vana, nditeererei; ndicha kudzidzisa iwe kutya Jehovha."

Onai, kutya Jehovha kunofanira kudzidziswa. Ndinotenda kuti Mweya Mutsvene ndiwo uri kutaura mupisarema iri kuti, "Regai ndikudzidzisei kutya Jehovha." Zvirevo 1:28–29 inoti:

> "Ipapo vachadana kwandiri, asi ini handingapinduri; vachanditsvaka zvikuru, asi havangandiwani. Nokuti vakavenga zivo uye havana kusarudza kutya Jehovha."

Ndinoda kuroverera pauri kuti unofanira kusarudza kutya Jehovha muhupenyu hwako. Kana ukasadaro, ichasvika nguva yaunonamata asi Mwari vasingakupinduri; paunomutsvaka, asi haumuwani.

Zvino ngatitarisei dzimwe ndima dzinotiudza zvichaitwa nekutya Jehovha. Zvirevo 1:7, 9:10, 15:33; Mapisarema 111:10 naJobho 28:28 ose anobatanidza kutya Jehovha nouchenjeri nezivo. "Tarirai, kutya Jehovha, ndihwo uchenjeri; uye kubva pane zvakaipa ndiko kunzwisisa" (Jobho 28:28). Kutya Jehovha kunoita kuti tive vakachenjera.

Pisarema 19:9 inoti, "Kutya Jehovha kwakachena, kunogara nokusingaperi." Kutya Jehovha hakuperi; kunogara

© 2001 - Derek Prince Ministries, International, Inc.

nokusingaperi. Rakachena uye rinokuchengeta wakachena.

> “Kutya Jehovha kunowedzera mazuva, asi makore avakaipa achatapudzwa” (Zvirevo 10:27)

Izvi zviri pachena: kana uchida hupenyu hurefu, hunofadza, itya Jehovha.

> “Kutadza kunoyananisira netsitsi nechokwadi; uye nokutya Jehovha munhu anobva pane zvakaipa” (Zvirevo 16:6)

Kana uchitya Jehovha, uchabva pane zvakaipa. Iwe uchazvinzvenga.

> “Pakutya Jehovha pane chivimbo chakasimba [sezvandambotaura, kana uchitya Jehovha, haufaniri kutya chimwe chinhu muupenyu], uye vana vake vachava utiziro [nzvimbo yacho. utiziro une zvimiso: Mwari anodzivirira vanomutya]. Kutya Jehovha itsime roupenyu, kuti munhu abvise munhu pamisungo yorufu.” (Zvirevo 14:26-27)

Maropafadzo mana akanyorwa pano: ruvimbo rwakasimba, nzvimbo yekupotera, tsime reupenyu, uye kupukunyuka kubva mumisungo yerufu.

> “Kuzvininipisa nokutya Jehovha ipfuma nokukudzwa noupenyu” (Zvirevo 22:4)

Mamwe maropafadzo matatu pano: pfuma, kukudzwa nehupenyu!

Pakupedzisira, handifungi kuti kune zvipikirwa zvakakura kudarika zvinopihwa muna Zvirevo 19:23:

> “Kutya Jehovha kunotungamirira kuupenyu; haangashanyirwi nezvakaipa.”

Handizivi chaungakumbira chinopfuura izvozvo—kuti ugare mukugutsikana uye kuti musashanyirwa nezvakaipa!

Kurarama mukutya Jehovha

Rugwaro runoratidza kuti kutya Jehovha kunodiwa kune avo vanoshandisa simba pamusoro pevamwe. “Mwari walsraeri akati... ‘Uyo anotonga vanhu anofanira kuva akarurama, anotonga achitya Mwari.” (2 Samueri 23:3).

Pane zvinhu zviviri zvinodiwa pahutungamiriri hwemweya. Chekutanga rudo rwaJehovha uye chechipiri kutya Mwari. Jesu paakadana Petro kuti afudze makwai Ake akabvunza, “Unondida here? (Ona Johane 21:15–19.) Uye Akaibvunza katatu! Zvino Akati, “Kana muchindida, fudza makwai aNgu.” Rudo rwalshe uye rwevanhu vake rwakafanira. Zvisinei, kana ukaedza kushumira bedzi nokuda kwokuda vanhu, unozopedzisira washevedzwa kuti ubate nomunhu ari kuedza zvikuru kuti rudo rwako rurege kugara. Kuda Ishe pachake chete ndiko kuchaita kuti urambe wakatendeka mumamiriro ezvinhu akadaro.

Uyezve, kana chinangwa chako cheushumiri chiri rudo kuvanhu, unozopedzisira waedzwa kuita zvinoda vanhu, kwete zvinoda Mwari kuti uite. Panguva iyi tinoparadzanisa mufudzi nemushandi wemaricho. Muricho anopa vanhu zvavanokumbira; asi mufudzi anodzipa izvo Mwari anoti dzipe. Kutya Jehovha chete ndiko kuchaita kuti uite izvozvo!

Ngatitarisei kutya Jehovha muhupenyu nemuushumiri hwaJesu. Isaya 11:1–2 inoti nezvaJesu: “Padzinde raJese pachabuda tsvimbo, uye davi richabuda pamidzi yake. Mweya waJehovha uchagara pamusoro pake, Mweya wouchenjeri nokunzwisisa, mweya wamano nesimba, mweya wokuziva nokutya Jehovha.” Chimiro chekupedzisira cheMweya Mutsvene Mweya wekutya Ishe. Yakamhara pana Jesu, akaberekwa ari mumwe oga waBaba. Kana pane chinhu chimwe chete chakajeka pamusoro paJesu ndechokuti akafamba achitya Mwari. Akati nezvaBaba Vake, “Ndinogara ndichiita zvinhu zvinomufadza” (Johane 8:29). Ini handigoni kuita chinhu pachangu.” (Johane 5:30). “Mwanakomana haagoni kuita chinhu ari oga, asi zvaanoona Baba vachiita.”— Johani 5:19 .

Isaya 11:3 inoenderera mberi ichiti: Uye Mudzimu waJehovha “uchamuita [Jesu] kunzwisisa nokukurumidza pakutya Jehovha (kjv).” Mweya Mutsvene achiuya pana Jesu akamupa kunzwa kunokosha pakuda nenzira dzaShe. Kana paine chinhu chimwe chatinoda muchechi nhasi, kunzwa uku kukuda kwaMwari nenzira dzaMwari.

VaHebheru 5:7 inotaura nezvaJesu:

> “Iye, pamazuva enyama yake [kugara Kwake pasi pano], paakaita minyengetero nemikumbiro nokuchema kukuru nemisodzi kuna iye waigona kumuponesa parufu, uye akanzwika nokuda kwoumwari hwake. kutya...”

Mwari akanzwa minamato yaJesu nekuti yaive minamato yakazvarwa nekutya Mwari. Chii chakanga chiri ufakazi hukuru hwokuti Jesu akanga ane uku kutya Baba? Ndinotenda kuti ndima iyi inotaura nezveGetsemane. Ndechipi chinhu chimwe chete chakataurwa naJesu ipapo chairatidza kutya Ishe? “Kwete kuda kwangu, asi kwenyu ngakuitwe” (Ruka 22:42). Paunonamata saizvozvo, unonzwiwa!

Tinoonawo kuti kutya Jehovha kwaivapo mukereke yekutanga.

> “Ipapo kereke paJudhea yose, neGarirea, neSamaria, dzakava norugare, dzikavakwa [kuvakwa]. Uye vachifamba mukutya Ishe uye mukunyaradza kweMweya Mutsvene, ivo vakawedzera. ” (Mabasa 9:31)

Vakanga vachiona izvo Pisarema 2:11 inotaura: “Shumirai Jehovha nokutya, uye mufare muchidedera.” Unoona kusanganiswa? Fara, asi zviite nokutya Mwari. Usambofa wakapatsanura zviviri izvi, nekuti kana ukadaro, unenge usina kuenzana. Kana tichienzanisa kufara nekudedera—kutya Ishe nenyaradzo yeMweya Mutsvene—zvino kereke inovakwa.

Petirosi wekutanga 1:17–18 inotitaurira kuti sei tichifanira kutya Ishe:

> “Uye kana muchidana Baba, ivo vanotonga munhu mumwe nomumwe asingatsauri basa romunhu mumwe nomumwe, mufambe muchitya nguva yose yamugere; muchiziva kuti hamuna kudzikinurwa nezvinoora, sesirivha kana ndarama, pamufambiro wenyu usina maturo, wamakagamuchira netsika dzamadzibaba enyu, asi neropa rinokosha raKristu.”

Mazwi aya haana kutaurirwa kune vasingatendi, asi kumaKristu—avo vakaregererwa neropa raKristu. Sei isu (Vakristu) tichifanira kupfuura nguva yekugara kwedu pano tichitya? Nekuda kwemutengo werudzikinuro rwedu. Zvakatora Mwari ropa reMwanakomana wake kuti atidzikinure. Mwari akapa Mwanakomana wake kuti tidzikinure kubva muupenzi hwedu, kusaziva kwedu, kusateerera kwedu, kupandukira kwedu uye kuzvikudza kwedu.

Ndinotenda kuti Mwari Mweya Mutsvene anodyara mumwoyo yedu kutya Jehovha. Handitendi kuti tinayo kusvikira Mweya Mutsvene atidzidzisa. Asi patinopindura, neMweya Mutsvene, mukutya Ishe, ndipo patinotanga kunakidzwa nenyasha dzaShe. Zvinotevera ndezvitatu kutaura pamusoro penyasha dzaShe.

> “Nokuti imi, Ishe, mucharopafadza akarurama; Muchamukomberedza nenyasha senhovo.” (Pisarema 5:12)

Kunaka kwaJehovha kwakaita senhoo inokupoteredzai nokukuchengetai kumativi ose. Iwe wakachengeteka zvachose pasi penyasha dzaIshe.

Kufarirwa naIshe, neimwe nzira, kunofananidzirwa negore rekuvapo kwaMwari. Zvirevo 16:15 inoti:

> “Muchiedza chechiso chamambo ndimo mune upenyu; nyasha dzake dzakaita segore remvura yokupedzisira.

Saka kana wava nenyasha dzaMwari pauri unenge uchifamba pasi pegore remvura yekupedzisira.

Zvirevo 19:12 inotiudzazve kuti:

> “Kutsamwa kwamambo kwakafanana nokuomba kweshumba; asi nyasha dzake dzakaita sedova pauswa.”

Saka nyasha dzaMwari dzakaita segore remvura yokupedzisira, uye rakaita sedova pauswa.

Haumbofaniri kuoma pakunamata paunenge uchifamba uchifarirwa naMwari!

Uyezve, kana uchifamba munyasha dzaJehovha, unotora gore nedova kwose kwaunoenda. Unosisira kuropafadza vanhu vaMwari. Ndechipi chingava ropafadzo yakakura kupfuura iyoyo?

Mwana anozvininipisa uye mushumiri waMwari anofamba achitya Jehovha pasi pegore renyasha dzaMwari ndiye “munyisi wemvura.” Anongoropafadza munhu wese waanosangana naye. Munonhuwira pamusoro pake; kuvapo mukati make; chinhu chinomufukidza chinoenda kwese kwaanoenda.

Mwari achiri kutsvaga munyika yose kuti awane avo vane mwoyo yakarurama kwaari—avo vakamuita Mwari wavo—vaya vakadzidza kutya Jehovha. Kana awana munhu akadaro achazviratidza pachake akasimba panzvimbo yake, achiratidza nyasha dzaMwari mukati uye nomuupenyu hwomunhu iyeye. Ngatisarudzei kuva vanhu vakadaro.
